

Cleveland Ice Theatre

Short Term Goal

To offer skaters group professional theatre freestyle performance opportunities enhancing and developing competitive performance skills. The Ice Theatre will plan both competitive and show performances.

Long Term Goal

To continue to provide an avenue for the skater's to enjoy ensemble performance while learning new and different choreography, which, in turn, will enhance a skater's single performance and competitive confidence. Ultimately, the long range plan is to be competitive around the country and travel abroad.

Who May Participate

The Theatre is open to all levels of skaters who have passed the Pre-Preliminary through the Senior Moves test, which will comprise the Novice, Junior and Senior Teams.

The Theatre will provide a venue for area coaches to showcase their talents thus introducing the skaters to many choreographic styles.

Artistic Skating A Performing Art

Cleveland Ice Theatre

What Is

“The Ice Theatre ?”

The Theatre is essentially ensemble skating in it's finest creative freestyle form... something all skater's can benefit from while enjoying group participation! The Ice Theatre is a new and exciting USFSA program which is now a recognized event in non-qualifying USFSA competitions.

The Ice Theatre's objective is to offer the skater a challenging, creative and fun way to enjoy the love of the sport of figure skating .

Artistic ensemble skating is open to all levels of skaters who have passed the Pre-Preliminary Moves Test or higher for team participation. The three team's, Novice, Junior and Senior, will be comprised according to the USFSA rules and the skater's test level.

The 5-6 minute ensemble programs may include jumps, spins, footwork, props, scenery, costumes and performance drama. The ensemble programs will have a story line or theme and will comply with USFSA guidelines and rules for the United States and abroad.

With the support, talent, and artistic creativity of area coaches, “The Cleveland Ice Theatre” is offering our skating community a new and cutting edge performance “perk.”
