JUMP CATEGORIES, TIMES AND REQUIREMENTS

Entrants qualify according to their Free Skating Level. No music is allowed at any level. Pre-Preliminary through Pre-Juvenile skate on half ice and all others skate on full ice. Jumps are to be performed exactly as stated. Skaters are given two opportunities to perform each jump and will be judged on the best one. The following format will be used for this event: Each skater performs all of his/her jumps in sequence. For example, if the two jumps to be performed are the axel and double toe loop, Skater #1 will take the ice individually and be given two chances to perform the axel. Skater #1 will then be given two attempts to perform the double toe loop. The best of the axel and double toe loop executed by Skater #1 will then be judged. Skater #2, and the rest of the skaters will then repeat the process. The axel is considered a single jump. In a situation where the skater is given the choice of jumps to be performed, the first attempt determines the jumps to be judged and the skater is not allowed to change jumps for the second attempt.
