- For the **SPIN**, any spin may be used (Combination spins with one change of foot may be allowed-check Required Elements). Timing of the spin will begin when skater steps on the spinning foot. The skater may hold the spin until he/she falls over. **REMEMBER**, it will be timed by an official with a stopwatch, The longest spin is what counts!
- For the **JUMP**, the longest jump will count. The designated Waltz Jump or Axel Jump will be videoed and then measured by our computer software program, DARTFISH. The jump **MUST** be landed on one foot. Each skater will get 2 attempts at the longest jump.

An overall winner will be determined at each level by adding:

'length of spiral in seconds' + 'length of spin in seconds' + 'jump length in inches' = The Highest total wins!
