

02 July 2007

Hi State Games of America Skaters!

Attached is a document that outlines rules and information regarding practice ice for State Games of America. Please watch your email for another message that will give more specifics about how the online scheduling actually works and for the exact time that it will be available. We are hoping to have the actual event schedule available soon.

Please make sure to read through all the information posted on the website under Figure Skating! <http://www.thesportscorp.org/SGA2007/schedules.html>
