ARTISTIC FREE SKATING EVENTS

Artistic Freestyle skaters will be judged on composition and presentation. *Artistic feeling and presentation* are stressed more than the technical difficulty in these events. Vocal or instrumental music is the skater's choice, but must be appropriate for the category selected (dramatic or entertainment). Clothing may be theatrical, but all other USFS rules apply. This year hand held props will be allowed, so long as they do not leave the skater's hand/body and do not touch the ice surface. No scenery is allowed. Judging will be based on originality, creativity, and musical interpretation according to the following criteria:

<u>Composition</u>: Conformity of choreography with music and utilization of the ice surface in harmonious composition of the program as a whole.

Presentation: Style, originality and expression of the character of the music.

The artistic freestyle event offers two categories: Entertainment and Dramatic. You may choose to enter one or both categories, each requiring a separate event fee. <u>No changes will be allowed after your entry is received</u>.

Entertainment events generally evoke funny, humorous or lively response; Dramatic events are considered to be of a more elegant, serious nature.

<u>Groupings are based on the skater's freestyle test level and may be divided by age or draw, but NOT by gender</u>. Groups may be combined where there are insufficient entries at a particular level.
