## Showcase

Performances will be judged from an entertainment standpoint, for theatrical and artistic qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious losses of control will reduce contestant's mark. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice. One mark will be given by each judge for each performance. No technical skating mark will be used. May use hand-held props or those skater can get on and off ice without assistance.

### National Showcase 2010: A Competition in Theatrical Skating
