Full sheet of ice, skated to music of skater's choice. Well Balanced Program Rule #3720 applies. Music not to exceed 1:40

Interpretive Events

Scoring: Interpretive programs shall consist of a variety of skating moves and elements selected for their value in enhancing the skater's interpretation of the music he or she has chosen. Axels and double jumps will not be permitted. Costumes that enhance the performance by appropriately reflecting the character of the music, thereby enhancing the theme, will be considered in the judging. Hand held props only and must not touch the ice surface. Props on the ice will not be permitted. No "special effects" such as water, fire, pyrotechnics, dry ice or loud noises. No placing items on the judges stand. No throwing items into the audience.

Two marks will be given by the judges, the first for Skating Technique and the second for Presentation.

In Marking Skating Technique, these aspects will be considered: the ease, flow, glide, sureness, power and depth of edges; the ability to vary the speed and direction of skating; the variety of expressive and innovative moves; the succession of movement within the program; the utilization of space and ice coverage; and style.

In marking Presentation, these aspects will be considered: the interpretation of the music and rhythm; the skater's musical timing and understanding of phrasing of music; the use of the entire body to develop artistic and musical expression; creativity; variations in tempo, tension, emotion and movements; the suitability of the music to the skater; and the internal motivation of movements and expression projected to the audience.

Music: Vocal music is permitted. **PLEASE NOTE: Duration for Adult Championships is 1:40 max.** We are allowing 2:10 max. There is no penalty for skating under the time maximum.

Style Categories: Please choose the category that best fits your interpretive style. Switching of styles once the entry form is received will not be permitted. Please note that if there are not enough entries, categories may be combined.

A. Dramatic Entertainment - A program of serious, emotional artistic interpretation designed to simply interpret the music (typically dramatic, classical, power ballads, ballads, instrumental, love songs, etc.) which conveys an emotion other than humor. You may portray a specific character, so long as the portrayal does not change the nature of the program to a comedic style. For example a skater's portrayal of a clown performing to Send in the Clowns would not be considered comedic, but dramatic and appropriate for this category. Where as a skater (dressed as a clown or not) who intentionally takes spills and pratfalls to the same music for comedic effect would be considered light entertainment/comedy.

B. Light Entertainment - A program designed to be light-hearted, entertaining, upbeat, clever, comedic or that incorporates some type of gimmick. If the skater's music is dramatic but his/her costume or style of movement creates a comedic effect, the skater should enter this category, since either effects the overall tone of the program. For example, a classical piece of music, power ballad or slow song (typically associated with dramatic styles) might be used, yet the skater's costume or frantic style of movement is what makes the program light entertainment or comedic and therefore appropriate for this category.

Age Categories: Age categories will be the same as for Free Skating events as presented in Section I, but may be combined at the discretion of the referee and/or Competition Committee. Men and women events may also be combined at the discretion of the referee and/or Competition Committee.

Masters Interpretive – A competitor in the Masters Interpretive event must meet the minimum requirements of the Adult Gold Free Skating event, any Masters Free Skating or Pairs event, or passed at least one of the Silver/Adult Silver dances. Music not to exceed 2:10. *

Adult Interpretive – A competitor in the Adult Interpretive event must meet the requirements of the Pre-Bronze Free Skating event and not exceed the requirements of the Adult Silver Free Skating event; he or she should have passed no higher than the complete Pre-Silver/Adult Pre-Silver Dance Test. Music not to exceed 2:10. *

EXTEMPORANEOUS IMPROVISATION

Love to choreograph your own programs or just perform to other's music while practicing? This event is for you. Sorry, coaches/friends/children/fellow competitors: you are not allowed to coach your skater during this event, so sit back and relax with the audience to enjoy the show.

- Skaters are competing to create the best choreographed program, with jumps, spins, connecting steps and other movements that best express the music.

- How we conduct the event: Music will be provided by Skate Company and all skaters will hear their music for the first time on their warm-up. The music will be played twice during their warm-up, starting one minute into their warm-up. Following the warm-up, skaters will be escorted to a nearby area of the rink where they cannot hear the music while their competitors skate. (Please bring your protective skate/blade guards, as we may step outside). Skaters will then hear their music one last time before their performance, with their back to the ice surface. Then, the skater will perform the program they've just created!
