SOLO PATTERN DANCE TEST LEVEL:

All skaters must either compete at their test level or one level above of their highest completed dance test. The determination of level will be based upon test level at the entry deadline**. The test level is determined by a skater completing all of the dance tests within that level. **** Test level may be either standard or solo dance. Adult dance, adult solo dance, master's dance and master's solo dance do not fulfill the testing requirements for this event**

How the National Solo Dance Series works:

At each Solo Dance competition, skaters earn qualifying points based on their final, overall combined placement at the competition. Skaters may earn qualifying points at either:

- a) three (3) competitions within their section
- b) two (2) competitions within their section **and** one(1) competition outside of their section

Note: *Skaters must compete in AT LEAST two (2) competitions within their section to be eligible to compete at the National Solo Dance Championships.*

Top six (6) skaters from each section (who have competed in at least two nonqualifying competitions), in each level (Pattern dance levels: preliminary, pre-bronze, bronze, pre-silver, silver, pre-gold and gold and Solo Free Dance levels: juvenile, intermediate, novice, junior and senior) will receive an invitation to advance to the National Solo Dance Championships. A variation of a fill-up rule may be used if less than six skaters qualify at any particular level. This will allow for an overall total of 18 skaters in each level at the National Solo Dance Championships.
