Adult athletes wishing to be grandfathered into a higher level based on participation at the Adult Championships or National Showcase prior to 4/30/17 may make this request to the National Vice Chair for National Showcase. For all other competitions, skaters must compete at their test level or one level higher, per the above chart. For Basic Skills levels and events, please refer to the U.S. Figure Skating Compete USA Competition Manual for Showcase event levels, elements, qualifications, program lengths and descriptions. For events offered, refer to the competition announcement.

EVENT: Compete USA Showcase Events

Format: Groups will be divided by number of entries and ages if possible. Skaters must enter at the same level as their free skate event or highest test level of skater's in the group ensemble or production number. If a free skate event is not being entered, skaters must enter at their current test level or one level higher. Vocal music is permitted. 6.0 Judging will be used. Deductions will be made for skaters including technical elements not permitted in the event description.

Showcase categories may include:

- Levels can be subdivided, if necessary, depending on entry numbers and event set up
- Dramatic entertainment: Showcase program utilizing intense emotional skating quality to depict choreographic theme.
- Light entertainment: Showcase program emphasizing such choreographic expressive qualities such as comedy, love and mime while incorporating skating skills.
- Duets: Theatrical/artistic performances by any competitors.
- Mini production ensembles: Theatrical performances by three to seven competitors.
- Production ensembles: Theatrical performances by eight to 30 skaters. Theater On Ice teams are eligible as production ensembles. NOTE: Skaters may enter only one each duet, mini production or production event.

General event parameters:

Show costumes are permitted, as long as they do not touch or drag on the ice. Props and scenery must be placed and removed by unaided singles and duet competitors within one minute and by unaided ensemble contestants within two minutes for setup and two minutes for removal. A 0.2 deduction will be assessed by the referee against each judge's mark for each five seconds in excess of the time allowed for the performance, for handling props and scenery and for scenery assistance.

Performances will be judged from an entertainment standpoint, for theatrical qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious losses of control will reduce contestant's marks. Jump difficulty is not rewarded in showcase; therefore jumps, if choreographed, should be performed with style, flow and confidence. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice.

* For specific guidelines regarding the conduct of Showcase competitions, refer to the Nonqualifying Showcase Guidelines posted on www.usfigureskating.org.
