### MISSION STATEMENT:

**We promote a FUN, introductory, competitive experience for all participants.**

Compete USA is designed to promote a positive competition experience at the grassroots level and increased skating participation while generating enthusiasm. Compete USA competitions incorporate skills from Learn to Skate USA and U.S. Figure Skating into a competitive format that can be easily and successfully conducted by registered Learn to Skate USA programs and U.S. Figure Skating member clubs or interclub.

The competition is open to any skater who is a current member of Learn to Skate USA or is a full member of U.S. Figure Skating. Non-members are eligible to register for competition but must be a registered Learn to Skate USA or U.S. Figure Skating member to compete. There should be no more than six competitors' maximum in a group, and all six should receive an award.

### ELIGIBILITY RULES FOR PARTICIPANTS

The competition is open to ALL skaters who are current members of either Learn to Skate USA and/or those who are full members of U.S. Figure Skating. Members of other organizations are eligible to compete but must be a current registered member of Learn to Skate USA or a full member of U.S. Figure Skating. There will be no more than six competitors' maximum in an event, and all six should receive an award.

#### **Eligibility and Test Requirements:**

Eligibility will be based on skill level as of closing date of entries. All **Snowplow Sam and Basic 1-6** skaters must skate at highest level passed or one level higher, and NO official U.S. Figure Skating tests may have been passed, including moves in the field or individual dances.

For the **Pre-Free Skate, Free Skate 1-6, excel and well-balanced** eligibility will be based only upon highest badge level or free skate test level passed. Moves in the field test level will not determine a skater's competitive level. Skaters may skate at highest level passed OR one level higher but not both levels in the same event during the same competition.

It is very important to the success of the competition that skaters are placed in the correct divisions. If, for whatever reason, the local organizing committee (LOC) discovers that a skater has been placed in a category below his/her badge or test level, the chair and referee will have the option to move the skater into the proper level, even if it is the day of the competition. This will ensure that every event is as fair as possible to the competitors. It is an ethical violation for coaches to sandbag an event.

### ELIGIBILITY RULES FOR COACHES/INSTRUCTORS

For credentials at a Compete USA event, coaches/instructors are required to have:

- Learn to Skate USA instructor membership OR U.S. Figure Skating full membership
- SafeSport training completed (for coaches/instructors 18 years old and older)
- Background check successfully passed (for coaches/instructors 18 years old and over)
- Learn to Skate USA instructor certification OR U.S. Figure Skating coach compliance (for coaches under 18 years old)

## Theatre on Ice

Please see details below for Production Ensembles for TOI teams who wish to enter Shamrock Skate.

## Showcase Events

Showcase events are open to skaters in the Basic, Free Skate, limited beginner, preliminary levels. Groups will be divided by number of entries and ages, if possible. Skaters must enter at the same level as their free skate even. If a free skate event is not being entered, skaters must enter at their current test level or one level higher.

Show costumes are permitted if they do not touch or drag on the ice. Costuming and make up for showcase programs should enhance the feeling created by the performance and reflect the meaning of the story or theme. Ornaments and hair accessories must be secure. No bobby pins, feathers, hair accessories or anything else that may fall to the ice and be hazardous to the skaters are allowed. (a 0.1 deduction will be taken). Props and scenery must be placed and removed by unaided singles and duet competitors within one minute on and off and by unaided ensemble contestants within two minutes for setup and two minutes for removal. A 0.1 deduction will be assessed by the referee against each judge's mark for every 10 seconds more than the time allowed for the performance, for handling props and scenery and for scenery assistance.

Performances will be judged from an entertainment standpoint for theatrical qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious loss of control will reduce contestant's marks. Jump difficulty is not rewarded in showcase; therefore jumps, if choreographed, should be performed with style, flow and confidence. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice. The 6.0 judging system will be used. Deductions will be made for skaters including technical elements not permitted in the event description.

*\* For specific guidelines regarding the conduct of showcase competitions, refer to the nonqualifying showcase guidelines posted on [usfigureskating.org](http://usfigureskating.org).*

Showcase categories may include:

- Levels can be subdivided or combined, if necessary, depending on entry numbers and event set up to ensure performances are contested as per the guidelines.
- **Dramatic entertainment:** Programs should express intense emotional connection and investment in the music, choreography and theme concept through related skating movements, gestures and physical actions. The entire gamut of emotions may be expressed including intense joy and/or introspectiveness. Dramatic programs should not be depressing. Even if the emotion is sadness, there should be an enlivened feeling given to the audience.
- **Light entertainment:** Programs should express a carefree concept or storyline designed to uplift and entertain the audience through related skating movements, gestures and physical actions.
- **Production ensembles:** Theatrical performances by eight to 30 skaters. Theatre On Ice teams are eligible as production ensembles.

Theatre On Ice events may be offered at Compete USA competitions for all levels. Compete USA programs are choreographic exercises intended to introduce skaters to choreographic processes, themes and movements, as well as to begin to develop a movement vocabulary that skaters can utilize throughout their skating career.

## Aspire Synchro

The Compete USA competition program is for Learn to Skate USA-level skaters who are interested in a first competition experience while taking the Synchro 1-4 badges to the next level.

In order to safely practice and compete, it is strongly recommended that skaters have mastered the elements of the Learn to Skate USA level in which they are skating.
